CLASSIC CARS MAKEOVER

3x60' | Producer: WeltN24 | Broadcaster: WELT | Production year: 2022

Hundreds of classic cars are restored every year in Germany and elsewhere. Costs for a complete job starts at just under 100,000 euros. Depending on the condition and equipment, it can quickly become twice as much. In this series we show you the ultimate make over of the perfect ‚Pony Car‘ Ford Mustang, the Porsche 911 and an absolute classic; the Pagode. Each episode shows the vintage version transformed into a premium-class classic car.

CRISIS IN COCAINE VALLEY

1x60' | Producer: Maximus Film | Production year: 2022

Whether peasant families, couriers, mercenaries or drug lords - they have been living off one thing for decades: cocaine. In the Peruvian Andes, deep in the rainforest, is the „Cocaine Valley“ - the largest production site of the drug in the world. Every month, 200 laboratories produced several tons of the coveted drug. Then came Covid... with far-reaching consequences as cocaine has been threatened with extinction ever since.

SUPERCAR TECH

6x60' | Producer: Cry Havoc | Production year: 2022

Supercars combine engineering, science, and art into a single high-performance lust-worthy package. Sexy, fast and full of the latest technological feats. Yet, what if we could deconstruct them and trace the evolution of the Supercar genre from its primordial form through its latest and greatest state-of-the-art carbon fibre, hybridized variants while highlighting the crucial technology that transforms motorized carriages into rocket ships for the road?

BEYOND BORDERS

6x60' | Producer: Penninsula | Production year: 2022

Beyond Borders - Inside American Immigration is a compelling and heart-stopping documentary series about ICE - Immigration and Customs Enforcement. With exclusive access to ICE/ERO during the last year of Trump's presidency the series captures in gripping detail the high stakes game of cat and mouse played out every day across America between law enforcement and those regarded as foreign criminals evading justice. Revealing the real challenges beyond the US borders.

EARTHRISE - MISSION CLIMATE

1x120' | Producer: WeltN24 | Broadcaster: WELT | Production year: 2022

Heat, drought, floods - climate change is changing our planet. The consequences range from devastating extreme weather and the creeping rise in sea level to small shifts in the Earth's gravity. Various factors influence the climate, a complex interaction. Not all connections are directly recognizable, others can even be observed from space today. Man changes the earth. Space travel plays a crucial role in recognizing these changes in the Earth system across the board. But more and more technology is also being used today to slow down global warming. It's a race against time because climate change is already changing life on earth.

PETS & PICKERS

6x60' | Producer: Bell Media | Production year: 2022

Pets & Pickers is the story of animals, their owners, and the special team of veterinarians who care for them. To fund these treatments, the hospital has a unique solution: their thrift store. Motivated by extraordinary compassion and belief that all animals deserve treatment, the vet and thrift store team work tirelessly to offer pet families in-need access to life-saving healthcare. It is a one-of-a-kind relationship with an uplifting mission: to help animals and their people.

WE'RE ALL GONNA DIE

6x60' | Producer: Bell Media | Production year: 2022

It's the apocalypse, but slightly more fun. WE'RE ALL GONNA DIE (Even Jay Baruchel) is a smart and quirky docuseries about the end of the world. Jay joins top scientists, activists, and experts to explore the global crises that could cause humanity's demise, all while finding the solutions and technological innovations that might save us all. Sure, it's scary stuff, but the ultimate message is one of hope. We're already afraid! Let's do something about it.

GERMANY'S MILITARY MACHINES

3x60' | Producer: WeltN24 | Broadcaster: WELT | Production year: 2022

This series gives a look behind the scenes of the German armed forces and navy. What are the latest technologies and tactics? Since the Bundeswehr was founded in the mid-1950s, the troops' weapons have improved enormously. From handguns to grenade launchers to bazookas and even larger guns to the latest Hessen Frigate - a state of the art military ship especially designed for air defence.

HISTORY OF THE GERMAN ARMED FORCES

7x60' | Producer: WeltN24 | Broadcaster: WELT | Production year: 2022

Since the Bundeswehr was founded in the mid-1950s, the troops' weapons have improved enormously. These three episodes tell the history of the German Air Force, including the latest helicopter of the German Navy. Following exercises of the navy on the Baltic sea and visiting a base in Warnemünde. Particular attention is paid to technical aspects and spectacular missions over the years.

HOW TO BUILD A DREAMCAR

6x60' | Producer: WeltN24 | Broadcaster: WELT | Production year: 2022

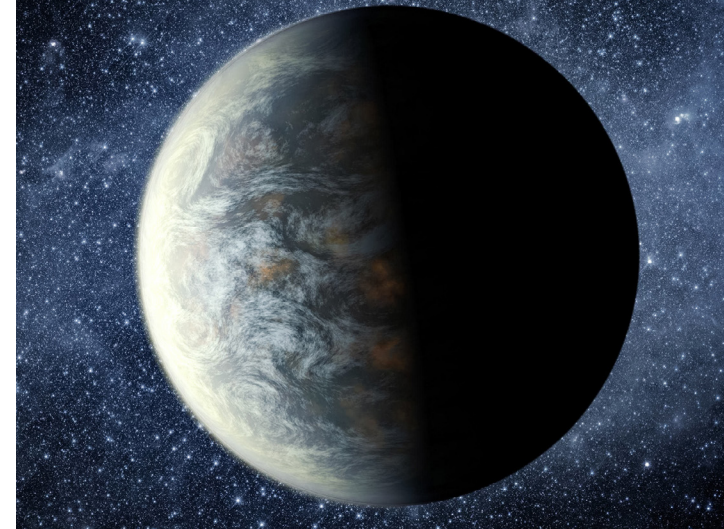

Legendary cars known all over the world. BMW has been producing its iconic Alpina since 1965 and Mercedes is well known for the legendary G-Class model. Whereas Brabus transforms standard G-Class models into fully armoured vehicles. This series presents an impressive look at the productions of these iconic vehicles.

SPACETIME - Season 5

6x60' | Producer: WeltN24 | Broadcaster: WELT | Production year: 2022

The fifth series of Spacetime will focus on many aspects of space we have not touched yet. Asteroids, comets and meteoroids but also what mystery could be found beyond Neptune. Also how is the military conquering the universe and which nations are active in space? Last but not least there is a special episode focusing on telescopes and the tools scientists use to explain the magic world of space.

PRISON ISLAND ITALY

1x60' | Producer: WeltN24 | Broadcaster: Welt | Production year: 2022

Gorgona - better known as the prison Island in Italy. We will get a unique look behind the scenes of this unique prison farm. What is it like to be one of the 100 inmates on this island that has a long waiting list of prisoners wanting to be transferred to this island where it is possible to move freely whilst working on the farm.

THE MOST DANGEROUS WAYS TO SCHOOL - BRAZIL

1x60' | Producer: Maximus | Production year: 2022

The Amazon region on the Rio Negro - the second largest tributary in the world. The dense jungle is criss-crossed by floodplain forests and watercourses. Rivers and lakes are the only connecting roads. Boats are the only method of transport. The population is one of the poorest in Brazil. The children travel long and exhausting distances with only one goal: to go to school.

EXCEPTIONAL ENGINEERING - SEASON 3

7x60' | Producer: WeltN24 | Broadcaster: WELT | Production year: 2022

The third season of Exceptional Engineering will give another look behind-the-scenes at the alluringly seductive construction and assembly processes of global superlatives, where innovation merges with mind-blowing machinery. This new series focusses on the latest innovations in sustainable and selfdriving Mega machines. The most sustainable tractor, the worlds biggest crane, and a selfdriving mega transporter with 20 axes.

MUD MOUNTAIN HAULERS - Season 2

8x60' | Producer: Exploration | Broadcaster: Bell Media | Production year: 2022

Taking place “just down the road” from the Highway Thru Hell, the show follows two brothers, Craig and Brent Lebeau, who have separate logging businesses in B.C. Facing mud-soaked mountains, fierce competition, and the roughest time the industry’s seen in decades, Craig LeBeau’s got tough decisions to make. But this hard-ass logger always puts family and crew first, and Craig must start by burying the hatchet with his brother to keep his third-generation logging business alive.
